January 29, 2021

Contact: Jennifer Bushong, PIO Mass Vaccination

E-mail: IMT.PIO@cdhd.wa.gov

***WAIT LIST AND NEW APPOINTMENTS WILL BE OPEN STARTING SUNDAY,
JANUARY 31 AT NOON***

SECOND DOSES AVAILABLE 3 WEEKS AFTER THE FIRST DOSE

-CALL 1-800-525-0127 FOR AN APPOINTMENT-

East Wenatchee, WA- Together with their partners, the Chelan-Douglas Health District (CDHD) is actively working to serve the North Central region.

Over 1,600 residents received the Pfizer vaccine at the Town Toyota Center site this week. All people who have received the vaccine are asked to return to the same place, at the same time, three weeks later for the second dose.

Every Sunday, residents can schedule new appointments at www.prepmod.doh.wa.gov or www.cdhd.wa.gov or call the eight hundred numbers for assistance. Before people start making appointments, they can view the clinic and see if there are appointments available for a specific clinic as well as information. Washingtonians without internet access, or who may not be comfortable using online tools, can call the COVID-19 hotline for help making appointments for three of the mass vaccination sites. Please note the hotline does not have special access to appointments. They use the same scheduling tools available to the public for self-scheduling. People are encouraged to follow the State of Washington's Department of Health guidelines to receive the vaccine in the county where they reside.

The state is in Phase 1B Tier 1, which means everyone 65 and over and those 50 and over in multigenerational households are eligible. Please check with the PhaseFinder first, then schedule an appointment. Once the appointment time is confirmed, people may come to the Town Toyota Center. Vaccine doses are dependent on the federal government allocations.

Chelan, Douglas, Okanogan, and Grant county residents who attempted to make an appointment for the Covid-19 vaccine on Monday were offered a 'wait list' option. Residents who were added to the wait list, will be contacted via email on or before Sunday, January 31 to schedule an appointment in the upcoming weeks at the Town Toyota Center.

Always Working for a Safer and Healthier Community

CDHD asks for patience and understanding as we serve the region. Please continue to social distance, mask up and wash your hands. For questions or media inquiries, please email, Jennifer Bushong, Public Information Officer, Town Toyota Center Mass Vaccination Site, IMT.PIO@cdhd.wa.gov. ***"MAKE A DATE TO...VACCINATE!"*** ###
